

# XDOGE (XD)

THE SUPER MEME

# WHITEPAPER

## **INTRO TO XD**

**Elon Musk has rebranded Twitter to X in July 2023, due to Elon's love to DOGE and the high likeliness of integrating \$DOGE payment to X.. XDoge was born.**

## **ABOUT XD**

**Elon Musk is forming "X Holdings" which is likely to consist of Tesla, Space X, Neuralink and the Boring Company in a bid to consolidate all the individual companies' strength. He is also rebranding Twitter itself into "X".**

**XDoge was birthed due to Elon adding "XD" to his bio. We predict it has a huge correlation with Doge itself and hence helps grow XDoge itself.**

Tips on X would be awesome and would also be a really cool way to facilitate smaller X creators who don't fit the current monetization parameters to get paid for posting great content. 🔥
